

# *Environmental Policy*

**Cold Chon (Galway) Ltd.** manufactures a range of bitumen emulsions, bitumen additives to the highest standard.

The protection of our environment is of primary importance to Cold Chon (Galway) Ltd. therefore we will ensure that the environmental objectives and targets associated with the Environmental Management System focus upon the major impacts of our operations.

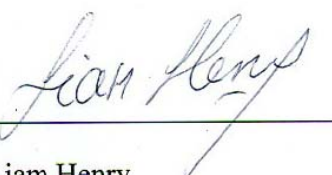

We recognise the importance of incorporating environmental issues into everyday business decisions and activities. We ask all personnel associated with the company to make environmental compliance and protection an integral part of their job.

In particular the company will

- Operate within the constraints of a recognised environmental management system based on ISO 14001
- Commit to compliance with all relevant environmental laws and regulations
- Evaluate and reduce the environmental impacts of our operations
- Consider the impact on the environment during production and packaging
- Educate and provide training to all employees to ensure work is carried out in a manner which maximises protection of the environment and ensures that all staff are aware of their roles & responsibilities in achieving conformance with the environmental policy and procedures
- Openly communicate with employees and external interested parties on environmental issues and take these into consideration when reviewing objectives and targets to ensure continuous improvement of the environmental performance of the business
- In the event of non-compliance, initiate corrective action to prevent reoccurrence.

Employees at all levels are asked to adopt an individual sense of responsibility towards the environment and to be aware of the potential sources of pollution that may be associated with each operation

*“If we don’t look after the environment, no one else will”*
