Galway's future success and prosperity depends on the strength and vibrancy of our business community. Therefore the Galway Chamber Business Awards are a prestigious showcase of Chamber members' skills, achievements and innovations in the field of business.

The Awards recognise responsible business practice and promote a better way of doing business by encouraging companies, large and small, to measure, continually improve and communicate their positive impact on society.

As such, each finalist helps fulfill Galway Chamber's Mission Statement 'to make Galway the leading location for business, investment and people'.
